

## REMARKS

Applicant thanks the Examiner for her allowance of claims 1-4, 6, 7 and 27-38 and provides the following remarks.

The Examiner's amendment to the claims, abstract, title and specification indicated in the Office Action is acceptable to Applicant, with the following exceptions:

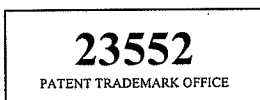

The Examiner indicates a deletion of the word "product" after "plant" in claim 3, line 2. Applicant believes the claim intended for this amendment is claim 4 and therefore has amended claim 4 as indicated in the list of claims. Furthermore, in light of the change of "plant product" to "plant" in claims 4 and 38, Applicant believes the same changes should be made in claim 1 and has amended claim 1 accordingly.

Applicant has provided a clean version (without markings) of the Specification. This version incorporates the Examiner's amendment to the specification. The substitute specification contains no new matter.

**Summary**

Applicant therefore respectfully requests the issuance of a Notice of Allowance and invites the Examiner to contact the undersigned attorney to resolve any issue remaining.

Respectfully submitted,

Date: 19 July 2010
